

Egypt Revisited

10 DAYS / PRIVATE TOUR / SPECIAL INTEREST TOUR /

This is an ideal tour itinerary for those who have a keen interest in Egyptian history and also makes a great option for a second visit to Egypt. This tour stays away from the main tourist trail, and visits many of the sites often missed on a classic Egyptian tour. Tour highlights include visits to the ancient capitals of Tanis, Tel Amarna and Memphis, as well as a tour to some fascinating but less visited sites on Luxor's West Bank.

DETAILED ITINERARY

DAY 1 / ARRIVE IN CAIRO

You arrive at Cairo airport where we greet you and transfer you to your hotel. Our rep will help you settle into the hotel and its surroundings, and outline the plan for the next few days.

Overnight at hotel in Cairo.

DAY 2 / CAIRO, SAQQARA, DAHSHUR & MEMPHIS TOUR

Your first full day tour with our Egyptologist is centred on the ancient sites at Saqqara, Dahshur and Memphis where you learn about and see examples of the evolution of pyramid building. Saqqara lies 25km to the south of Cairo. Djoser's (Zoser's) Step Pyramid (built 4700 years ago) dominates the skyline and is believed to have been the ancient Egyptians' first attempt at Pyramid building. After leaving Saqqara behind we continue on to Memphis and Dahshur. In Memphis, one of Egypt's many ancient capitals you will see artefacts from many periods in Egyptian history including a large fallen statue of Ramses II. In Dahshur you will see what are thought to have been the first attempts to move from stepped pyramids (eg. at Saqqara) to true pyramids, similar to those on the Giza Plateau. The most notable examples you'll see are the Red and Bent Pyramids. You will have plenty of time to explore each of these locations before returning to Cairo in the afternoon.

Overnight at hotel in Cairo. (B)

DAY 3 / WADI RAYAN & VALLEY OF WHALES. FAYOUM OASIS

This morning we drive straight to the Wadi Rayan Protected Area, which surrounds a fresh-water lake in the middle of the desert, which is filled by the remaining irrigation water from the Fayoum area. There are several waterfalls here, and a bird hide which gives good views of the lakes birdlife, particularly in the winter months when the lake is an important stop for migrating water-birds. We

also visit the Springs Oasis area, a rare example of an uninhabited Saharan oasis, which hosts many different plants and animals, including Dorcas Gazelle, Ruppell's Sand Fox and Fennec Fox. After a stop for a packed lunch, we then drive into the stunning desert & mountain scenery of Wadi Hitan (Valley of the Whales). This World Heritage Site is accepted as the most significant site in the world to demonstrate the evolution of whales, and we take a 2-3km walk here to see several specimens of fossilised whales of different types sitting on the surface of the sand, as well as fossilised mangroves and the remains of crab holes. In the afternoon we drive to Fayoum Oasis where we will spend the evening at the Helnan Auberge Hotel right next to Lake Qaroun (subject to availability). In the evening we will take a tour of the Oasis.

Overnight at hotel in Fayoum (B L D)

DAY 4 / MINYA VIA HAWARA, LAHUN & MEIDUM PYRAMIDS

After leaving behind Fayoum Oasis we head back towards the Nile Valley to the city of Minya. Along the way we will make stops at the less visited pyramids of Hawara, Lahun and Meidum.

The Pyramid at Hawara dates from the XII dynasty. Constructed for the Pharaoh Amenemhat III, it probably once stood on the shores of Lake Qaroun. In antiquity it became known as the finishing place for the one-hundred kilometre desert endurance race, introduced by the Pharaoh Taharqa in 690BC. This event was devised in order to help train his army and in 2001 this event was revived, it is now held every November.

As with the Hawara Pyramid, the Lahun Pyramid also dates for the XII dynasty and was constructed for the Pharaoh Senusert II. The Lahun Pyramid was constructed much later their famous counterparts in Giza and employed a new and different technique. The core of the Pyramid consists of a rocky knoll onto which limestone pillars were placed. These pillars provided a framework for the mud-brick overlay, which was then covered by the outer casing. The architect was also mindful of flooding which had been seen in many of

pyramids and constructed a trench which surrounded the pyramid; this was filled with flints and sand to act as a sponge. The removal of the pyramid's casing stones left the inner mud-bricks at the mercy of the elements causing the erosion which can be seen today.

After arriving into Minya you will have a little time to relax before your afternoon tours. Minya is known as the 'Bride of Upper Egypt', the name deriving from its elegant villas and its people, who are regarded as some of the warmest and honest people in the country. Your afternoon tours will visit the Frazer Tombs and Tihna el-Jebel. The Frazer tombs, named after their excavator – Gary Frazer, consist of a number of rock-cut tombs from the V and VI dynasties. Today, generally 2 tombs are open to the public, these are tombs of dignitaries who were both named Nika-Ankh – the first of these tombs contains statues of Nika-Ankh, his wife, children and grandson, there are also a few hieroglyphs to see.

Continuing a little further north of our Minya, we visit the village of Tihna el-Jebel – home to the ruins of the Pharaonic town of Dehenet (aka. Acoris by the Greeks). Whilst here you will have time to explore the two unfinished, rock-cut temples to Amun and Sobek and also view the chapel to the Goddess Hathor which is located so high up on the cliff face that it is hard to believe that it was ever used for offerings!

After plenty of time to explore these sites, we return to Minya where we will spend the evening.

Overnight at hotel in Minya (B L D).

DAY 5 / ASSYUT VIA HERMOPOLIS AND TEL AMARNA

Before following the Nile further south to Assyut, we have a few final tours close to Minya first, our first stop is at the tombs of Beni Hassan. The majority of the 39 tombs here are unfinished; however they demonstrate the transitional period between the traditional Mastaba type tombs of the Old Kingdom and the deep cut tombs which can be seen in the Valley of the Kings. During this

10 DAYS / PRIVATE TOUR / SPECIAL INTEREST TOUR /

Middle Kingdom period provincial dignitaries began to show their independence by commissioning grand burials in the local area, rather than at sites such as Saqqara. The tombs are decorated with Pharaonic iconography and unique murals which depict wrestling scenes.

Next we visit the once great city of Hermopolis. According to tradition, Hermopolis was the site where creation began on an ancient mound, close to the city. Two stone baboons are said to recall the now vanished Temple of Thoth. The original Temple of Thoth was created by the Pharaoh Ramses II, who used masonry from the city of Tell el-Amarna. The Temple once stood within an enclosure wall which covered approximately 650 square metres. Today, much of the city is in ruins; however a few remaining columns and statues give you a sense of how great this city once was.

Our final stop this morning is to the village of Tuna al-Gabel, whose name comes from the nearby ancient necropolis. In Pharaonic times, this region was a cult centre for pilgrims who came to pay homage to the god Thoth. These pilgrims often brought with them Ibises and Baboons which they gave to the priests to embalm – it is thought that in excess of 2 million of these animals were sacrificed here. The mummified remains of these animals were then placed in a necropolis, which some believe stretches as far as Hermopolis. The best preserved site at Tuna al-Gabel is the tomb of Petosiris and his family. Petosiris lived in the time of Alexander the Great and the interior of the tomb demonstrates a fusion of Greek and Egyptian styles.

After breaking for lunch we will continue on to Assyut via the ancient capital of Tell el-Amarna (then known as Akhetaten). The great city of Amarna was founded by the Pharaoh Amenophis IV, who controversially expelled the much revered gods of ancient Egypt in favour of Aten (Sun) worship. Amenophis closed all of the temples dedicated to the 'Old Gods' in an act which many saw as heretical. It was during this period that Amenophis discarded his royal title in favour of his new name – Akhenaten (Servant of the Aten). He and his

wife Nefertiti ruled Egypt from their new capital for around 12 years; however the later years of their reign is still shrouded in mystery. Following the death of Akhenaten his co-regent Smenkhkare ruled until he was succeeded by the famous Tutankhamun (then known as Tutankhaten). Tutankhamun heralded a return to the Old Gods and fronted the 'Theban counter-revolution'. Later, Pharaoh Seti I plundered the abandoned city of Amarna for masonry, ordered priests to curse the site to deter reoccupation and destroyed cartouches and images of any pharaoh associated with the Amarna heresy. For this reason, Akhenaten and Nefertiti remained unknown until the 19th century.

Today, little remains of the city (or little has been discovered), however this site strikes many visitors as intensely evocative and mysterious.

Overnight at hotel in Assyut (B L D).

DAY 6 / LUXOR VIA AKHMIM, ABYDOS & DENDERA

After spending the night in Assyut we continue south towards ancient Thebes – modern day Luxor. Our first stop along the way is to the rarely visited town of Akhmim. Akhmim was once referred to as being Egypt's oldest city, by the 16th century geographer – Leo Africanus. Akhmim has been building on the ground of their ancestors since pre-dynastic times. During the Pharaonic period the city was the capital of the Ninth Nome and even today the city retains its labyrinthine like streets, many of which haven't changed since medieval times. Today, not much remains of Ancient Akhmim, however whilst building a new school in 1981 a colossal statue was discovered, measuring 11 metres. The statue is of the Meryut Amun, the eldest daughter of Nefertari and is now on display. Nearby we will also visit the remains of a seated statue of Ramses II – This colossus of Ramses is believed to have once been as large as those found at Abu Simbel.

After visiting these monuments we cross the Nile to visit Abydos. In Pharaonic times, there was no better place to be buried than at

Abydos. The ancient Egyptians believed that the entrance to the underworld was located close by and the site was the centre for one of the most important pilgrimages, the cult of Osiris. The Temple of Abydos was built by the Pharaoh Seti I and completed by his son – Ramses II. The main god revered in the temple was Osiris, however 5 others also have sanctuaries here. Along with the sanctuaries of the Gods, the temple was also designed to honour the deified, deceased Pharaoh – Seti I. We have an extensive tour of the temple before continuing on to Dendera where we visit the Temple of Hathor – the goddess of dance, joy and love. There have been shrines to the Goddess Hathor since pre-dynastic times; however the temple which exists today was a Greco-Roman creation, constructed between 125 and 60 AD.

Later in the day we continue our journey along the Nile to Luxor where we spend the next 2 nights.

Overnight at hotel in Luxor (B L).

DAY 6 EXTRA OPTIONS

Sound and Light show at Karnak Temple

DAY 7 / LUXOR, WEST BANK TOUR & WORKERS VILLAGE

Our morning today will be spent on the West Bank of Luxor where we will see some of the less visited sites. Our first stop will be the Ramesseum, or mortuary temple of Ramses II. In its day the Ramesseum would have rivalled the Great Temple of Abu Simbel in grandeur, however, because of its location on land which floods annually, much of the temple was ruined throughout antiquity. Following the Ramesseum we visit the nearby Temple of Merneptah, one of Ramses' son's who ruled for around 10 years. The temple was constructed using much masonry from the nearby Temple of Amenophis III – you can see that some of the carvings were actually done over the top of the originals and that there are depictions of Amenophis III in the Temple of Merneptah. Unfortunately, much of the temple lies in ruins today, however some excellent carvings and statues can be viewed. Our final temple visit for today is

to the memorial temple of Seti I, who also constructed the Temple at Abydos which we visited yesterday. Seti I died before this temple was completed, so his son Ramses II completed the construction. The temple was severely damaged during floods in 1994; however recent restorations have revealed the foundations of the Pharaohs palace. This is the earliest example of a Pharaonic Palace within a temple complex. The temple also contains a small chapel which is dedicated to Seti's father Ramses I, who passed away before he had chance to construct his own mortuary temple. After a break for lunch we continue our tours with visits to the Tombs of the Nobles and Deir el-Medina – the Workers Village. This evening is spent within our hotel on Luxor's East Bank.

Overnight at hotel in Luxor (B).

DAY 7 EXTRA OPTIONS

Hot air balloon option

DAY 8 / LUXOR MUSEUMS & KARNAK. O/N SLEEPER TO CAIRO

We visit the Museums of Luxor this morning before visiting Karnak Temple in the afternoon. The Luxor Museum houses an excellent collection of statues and funerary goods recovered from the Theban Necropolis and ancient temples. Our guide will ensure you see the museums highlights, but you will have plenty of time to explore on your own too. After leaving the Luxor Museum we visit the Mummification museum. The museum actually denotes more space to beliefs of the Ancient Egyptians surrounding the afterlife and death rather than mummification; however it's still an interesting visit. You can see some of the tools which we used during the mummification process, including a spoon and spatula which was used to extract the deceased's brain, which was considered an unimportant organ.

After some free time to have lunch, we travel to Karnak Temple where we will visit some of the less visited parts of the Temple. This tour can be flexible so if you have already been to Karnak, our guide will ensure you have time to explore the parts you haven't already

seen.

After time to explore Karnak we drive to the train station where we will catch the overnight sleeper train back to Cairo.

Overnight sleeper train to Cairo (B D)

DAY 9/ ARRIVE IN CAIRO. VISIT TANIS AND AVARIS

After arriving back into Cairo this morning, we have a full day tour around the Nile Delta area where we visit Tanis and Avaris. During Biblical times Tanis was known by the name Zoan, as referred to in the Bible. In the film the Raiders of the Lost Ark, Tanis was said to be the hiding place of the Ark of the Covenant. The city was founded late in the 20th dynasty and became the northern capital of Egypt during the 21st dynasty under the rule of Smenendes. Tanis then remainder Egypt's northern capital into the 22nd dynasty. There are many ancient sites at Tanis, including temples and a royal necropolis. In 1939/1940 Pierre Montet discovered the intact burial sites of Psusennes I, Amenemope and Shoshenq II which contained a large amount of Gold, Jewellery, Lapis Lazuli and many other precious items which are now housed in the Cairo Museum. This discovery wasn't publicised as much as Tut's discovery due to the breakout of World War II, however many of the treasures discovered rival those of King Tut.

Avaris is our next stop for today, where excavations underway since the 1960's have confirmed that this is indeed the site of Avaris, the long-vanished Hyksos capital. Much of the area is in ruins today, however one of the greatest discoveries was in 1991, when Minoan style frescoes were discovered in a Hyksos era palace, proving that strong links once existed between the Minoan on Crete, some 500 miles away.

After returning to Cairo in the afternoon the remainder of the day is free for you to catch up on some last minute shopping or relax within your hotel before your flight home tomorrow.

Overnight at hotel in Cairo (B L).

DAY 9 EXTRA OPTIONS

Pyramids sound & light show, Nile dinner cruise, Cairo by Night

DAY 10 / TOUR ENDS

Your tour ends after breakfast and we transfer you to the airport for your flight home.

(B).

DAY 10 EXTRA OPTIONS

Extra nights in Cairo

PRIVATE AND TAILOR-MADE TOURS

SMALL GROUP DEPARTURES:

We do not run set group departures on this tour. However, we are able to offer private and tailor-made departures as detailed below.

PRIVATE DEPARTURES:

As this is one of our Special Interest Tours we only run the tour privately. This does allow us to be a little more flexible with the tour itinerary.

TAILOR-MADE TOURS:

This tour can also be used as a base for a private tailor-made itinerary, to be run on any dates. You can make adjustments as per your own requirements (for example, adding extra days, slightly shortening the tour, adding a scuba-diving course etc.).

10 DAYS / PRIVATE TOUR / SPECIAL INTEREST TOUR /

Options are split into three types

A - Those that must be booked and paid for in advance (mainly accommodation based).

B - Those that may be booked in advance or in Egypt (generally things you may know you definitely want to do. eg. hot air balloon flights, day trips out of Cairo)

C - Those that are arranged while you are in Egypt (eg. dinner cruises, sound & light shows etc.). Leaving decisions about these until you get to Egypt gives you more flexibility and means you won't lose out if you were to book an option in advance and then not do it.

Prices:

Prices for all of these options are given on our website and/or in a separate Option Price List provided on your arrival in Egypt and from our UK office.

A - ADVANCE BOOKING OPTIONS

These may be booked by selecting them on our online reservation form, and can also be added after you have made your booking, subject to availability at the time.

Single room supplement

If your party includes any single travellers, then we will need to add the single supplement to your tour price. The tour price is based on a minimum of 2 passengers travelling, if you are travelling as a single passenger then we may also need to add a single passenger tour supplement in order for us to run the whole trip just for one person.

Extra days - Price: subject to hotel & party make-up

These are available on request in Cairo before and after the main tour. If you want to add extra days into the time elsewhere, we can arrange this, but please request a tailor-made tour. If you wish, you may book a hotel at a higher or lower level than that used on the tour. In this case, we can offer a transfer to/from the group

hotel for a small charge (paid locally). Prices include a night in the hotel, breakfast, all taxes and your airport transfer. Single room supplements apply.

Luxor/Cairo flight option - Price: on request

The overnight sleeper train timings fit in well with the tour, but if you do want to upgrade, this option provides an extra night in the hotel, all transfers, and an internal flight with Egypt Air instead of the train.

Flights are subject to availability and prices are given on request.

B - OPTIONS BOOKABLE IN ADVANCE AND IN EGYPT

You will receive more information on all the options available to you while you are in Egypt in the Welcome Pack we provide on your arrival, together with information on how and when to book and pay for them with your guide or our local reps.

Prices are set in Egyptian Pounds but payments may also be made with hard currency (GB Pounds, Euros, US Dollars) at our local exchange rate at the time, which is set monthly. Credit card payments are also accepted in Cairo for these payments (3% fee).

Once booked and paid for, these options are not refundable if you choose not to do them while on the tour.

Hot air balloon flight

This runs early in the morning in Luxor, so that you catch the early morning sun while you float over the west bank of the Nile. The option price is based on using one of the first flights of the day to see the rising sun over the West Bank of the Nile, so it is a very early start. All transfers are included and you get around 1 hour in the air. You do not miss out on any other activities.

If flights are cancelled for any reason (eg. very strong winds), a refund will be provided.

Note: Please remember to check that your travel insurance will cover hot air balloon flights as many require you to book and pay for the flight in

advance. The balloon operators we use are fully licensed and insured - you may see cheaper options advertised locally for later start times and with operators which don't have all this cover in place.

C - OPTIONS BOOKABLE IN EGYPT

You will receive more information on all the options available to you while you are in Egypt in the Welcome Pack we provide on your arrival, together with information on how and when to book and pay for them with your guide or our local reps. Some examples are given below.

Payments may be made with hard currency (GB Pounds, Euros, US Dollars) or in local currency at our local exchange rate at the time, which is set monthly. Credit card payments are also accepted in Cairo for these payments (3% fee).

Once booked and paid for, options are generally not refundable if you choose not to do them for any reason later in the tour.

- Drinks, snacks, tips for your guide, and other personal expenses
- Travel insurance
- Any other items not mentioned above

ACCOMMODATION:

Tours set at our 'Standard' comfort rating use good quality hotels at around the 4-star level. All rooms are air-conditioned with en-suite bathrooms. Most hotels have swimming pools and a choice of restaurants and bars.

As you are booking a private departure on the normal tour itinerary, then we will confirm your hotels a couple of weeks before departure. If you want to guarantee a stay in a particular hotel, then please request a tailor-made tour.

Please see our website for more details of the hotels that may be used on the tour.

TRANSPORT:

This tour aims at balancing a comfortable and enjoyable travelling experience with seeing as much of Egypt and Egyptian life as possible. We therefore use the overnight sleeper train for the journeys between Luxor and Cairo instead of the much more basic sitting train, and private air-conditioned minibuses and coaches for all the sightseeing tours and transfers. Most vehicles used are fitted with speed limiters and all are inspected & checked daily. As some of the sites visited on this tour are quite remote, a 4x4 jeep may be used for some tours.

TRANSFERS:

The tour includes a 24-hour airport meet & assist service in Cairo airport, your arrival and departure airport transfers and all other

transfers.

INTERNATIONAL FLIGHTS:

In order to keep our tours flexible, and to make them accessible to as many people as possible, we do not include your international flights in the set tour itinerary or price.

However, we do hold an ATOL (UK flight sales license) and are happy to book your flights for you. If you let us know your ideal dates and departure airport, then we will be happy to provide you with some flight options that we can arrange for you. You can then choose whether to book the flights through us, or make your own arrangements. Either way, your airport arrival & departure transfers are included.

TOUR LEADERS/GUIDES:

For this tour we provide a fully trained, local English-speaking Egyptologist to act as your tour guide. He/she will be with you for all of the sightseeing tours in Cairo and the Nile Valley. Our local reps in all the towns and cities en-route are also at your service, and will be handling all the practical arrangements for the tour. For some private tours of fewer than 4 people, we may use one guide in Cairo, and a second guide for the Luxor section.

Our policy at Egypt Uncovered is to use only local guides and reps in Egypt. We feel this gives you the best experience of the country and the sites you are seeing. More details are given on our website.

ENTRANCE FEES:

The tour price includes entrance fees to all the sites mentioned in the itinerary.

TIPPING:

Tipping is very much a part of Egyptian culture and customs. To make our prices more transparent and so it is easier for you to

budget and less hassle while in Egypt, we include a 'Tipping Kitty' in your tour price. This provides tips for a wide range of people you'll meet along the tour including hotel porters, train and station staff, drivers, local reps etc.. Your Egyptologist guide is not included in this kitty and you may tip them at the end of your tour subject to your satisfaction with and appreciation of the service they have provided.

DATES & PRICES:

We can run this tour privately for you on any dates at all, or customise it to make a tailor-made tour to fit your personal requirements.

Please contact our knowledgeable sales staff for more help on creating the right tour for you.

HEALTH:

For up to date health information & vaccination requirements for Egypt we recommend that you contact your GP or a travel clinic (1st Contact travel clinic gives free advice tel. 0800 0393073).

General vaccination recommendations for Egypt include Tetanus, Typhoid, Polio and Hepatitis A.

VISAS:

Many nationalities (including UK, USA, European, Australian, Canadian) can obtain their Egyptian visa on arrival in Cairo airport (cost US\$15 or equivalent).

All African nationals will need to arrange their Egypt visa in advance.

RESPONSIBLE TOURISM:

We take responsible travel seriously, and as well as taking this into consideration when we design our itineraries, and select the people and agents we work with, we also donate £2 for every person travelling on one of our Egyptian tours. This is split between two projects - the Dar Al Rahman orphanage in Cairo, and a desert

COUNTRY GUIDE:

For an in-depth overview of Egypt, please checkout the country guide pages on our website.

PRE-DEPARTURE INFORMATION:

After booking, we will provide you with detailed information to help you prepare for the tour. This will include helpful advice on money, health, insurance, tipping, climate, clothing etc.

We also provide a Welcome Pack when you arrive in Egypt with more information including a tipping guide, local travel guide and an options information & booking sheet. Further information is also available in the County & Travel guides on our website.
